TerraSense PVT LTD

Palo Alto, CA

June 15 2022

Dear Employer,

I would like to introduce myself as an applicant for the Data Scientist position at **TerraSense**, a prestigious, Creative and reputable name in innovative technology. I am confident in my ability to perform as a Data Scientist at **TerraSense** due to my extensive education and work experience.

During my work experience at Tudip Technologies, I had an extensive range of responsibilities including Data Analyzing and Visualising over Google DataStudio(Similar to Power BI and Tableau). I'm an IBM Certified Professional Data Scientist. Apart from the Professional Work Experience, I have personal experience of selecting features, optimizing classifiers, mining data, expanding the company's data by incorporating third-party sources, improving data collection techniques, processing data, and doing ad-hoc analyses. I have personal experience of this tech for the past 2 years. I have created some classifier based, Regression Based and Computer Vision and NLP based projects and dumped them in Github. I have a portfolio website at www.suryatejamenta.co.in. Please visit there to know more about me.

Sincerely,

Surya Teja Menta
